ABOUT ME

Entrepreneur and Master's student in Computer Science with 4+ years of experience designing and implementing software solutions in multidisciplinary environments. Strong focus on innovation, digital transformation, and agile methodologies to drive efficiency and stakeholder satisfaction.

Developed a Master's thesis in Virtual Reality (VR) with eye tracking, focused on immersive systems and user interaction analysis. Passionate about STEAM mentorship and continuous professional growth, aiming to contribute technical expertise while supporting high-performing teams.

EXPERIENCE

2024 - 2026 | FULL STACK LLM DEVELOPMENT ANALYST | ACCENTURE

Coordinated and followed up on the transfer of information, handling disruptive events. This includes the creation of alert protocols, ensuring the continuity of my clients' business. Developing products and internal demos.

2020 - 2024 | MIGRATION STRATEGIST | METAXPERIMENTAL

Web Development using MERN Stack, Typescript as Freelancer
Worked collaboratively with a development team using SQL, MySQL, Xampp, FileZilla and Github for version control. I achieved a more than 10% increase in user satisfaction by implementing a new user interface design.

2019 - 2023 | FE DEVELOPER AND TECHNICAL CONSULTANT | THREEKIT

Identify existing workflows and client expectations for solution implementation. Design, develop, and customize Threekit solutions according to client specifications.

Provide training to client teams to effectively use the implemented tools and solutions.

EDUCATION

MASTER'S IN COMPUTER SCIENCE (ONGOING)

Universidad TEC CR

Thesis in Progress: Topic focused on VR, immersive environments, technologies, interaction with eye tracking, marketing, 3D development. supervised by Prof. Dr. Yuen Law.

CERTIFICATIONS AND WORKSHOPS

ICMI-ACM Conference Multimodal Interaction. Participation with TEC, Nov 2024
System Engineer. Universidad Americana UAM, 2022
Scrum Master, Azure, Agile con Atlassian Jira. Coursera, 2022
LEGO Teacher Certification. TCU Universidad Americana, 2021
AWS Certified Solutions Architect - Associate (SAA-C03). Currently studying the Learning Path in A Cloud Guru

VOLUNTEERING & PUBLICSPEAKING

Volunteer at MenTe: Conducted training sessions and mentorship for young women in technology.

Guest Speaker for TEC students: Databases II and Computer Networks.

Professional Development Talk: Presented "How to Be a Professional in Technology".

Software Development Process Management Talk: Shared insights on project organization and workflow strategies in software engineering.

Mentorship for Academic Decision-Making: Provided guidance and mentorship to individuals in making informed decisions about their academic and professional careers.

INICIATIVES: NARANJO SEGURO & LIMONLINE

Project Creator, Full Stack Developer

Front-end and server-side technologies to develop APIs, implementing DevOps practices, and optimizing Artificial Intelligence (AI) applications.

Collaborate with cross-functional teams integrating of LLMs and other e-commerce services.

I worked with the team to identify opportunities for improvement and expansion of our products and services.
